

● THE ENERGY STORY

DIAWUO, THE FACE OF CORRUPTION | CORRUPTION SERIES

1

Funds allocated for improving electricity infrastructure are siphoned off by corrupt contractors.

*The money has been released.
Make sure the work is done... on paper.*

2

The contractor abandons the project.
The infrastructure remains incomplete
and the community is left in darkness.

*No power...
no progress...
just empty
promises.*

● THE ENERGY STORY

3

The community suffers from regular power outages.

No light...
no work...
no education...
no better future.

● THE ENERGY STORY

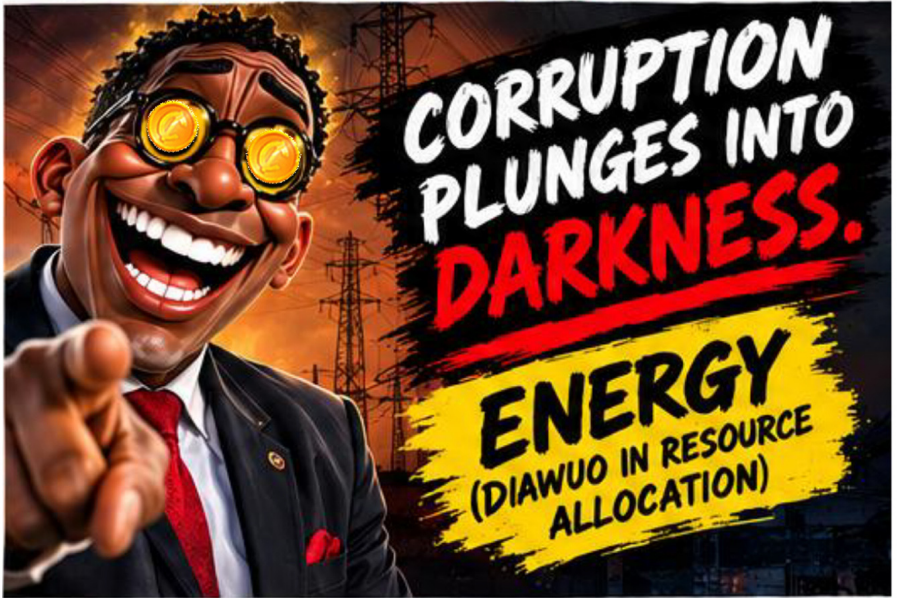

4

A community's progress
is stolen by corruption.

*It's not just
about power...
It's about
people's lives.*
